Callas Confiture is premium and Made in Belgium.

CALLAS CONFITURE. Keywords: *Handcrafted*, **BEST INGREDIENTS**, *extra jam & light jam with only natural sugar.*

Quality that defines your brand.

OUR SUPPLIER of fruit is a family-owned Belgian company. *You can find them around the globe, growing the world's finest fruit and vegetables, building communities in places where they set our sustainable fields and factories. They preserve nature's products in its purest form: by **flash-freezing** it at peak ripeness.*

TERRROIRS

COSTA RICA

The sun-soaked slopes of **Costa Rica** where the crowned head of fruit

COSTA RICA

MOROCCO

The lush fields of the **Moroccan** Maghreb where **strawberries** are drenched in sun and care from the local community of fruit experts.

12.000T of strawberries/year

MOROCCO

POLAND

The **Polish** countryside where tradition and craftsmanship meet to cultivate field and forest **berries.**

9.000T of black/red currants, rhubarb, strawberries/year

SERBIA

The majestic mountains of **Serbia** where the rich soil and balanced climate fill **raspberries** with taste while keeping all their qualities intact.

10.000T of raspberries, blackberries, cherries/year

STRAWBERRY

Originating from Poland, variety **Senga Sengana**

- An intensely strawberry flavor, a dense pulp and a brilliant red color all the way through
- More aromatic than other varieties
- Perfect for cooking jam, soft fruit texture, low in acid and high in flavor

RASPBERRY

Originating from Serbia, variety **Williamette**

- More intense red in color than other varieties
- Slightly tart and very juicy raspberries perfect ideal for making jam
- Better balance between ph and brix
- Ripens in midsummer and offers the first summer sweets

APRICOT

Originating from Morocco, variety **Canino**

- Soft skin, and a deep orange color
- It is very flavorful when it is at its optimum stage of ripeness, and has a pleasant and distinctive sweetness. Higher brix = better taste
- Perfect for cooking jam, soft fruit texture

FOREST FRUIT

BERRYMIX FOR JAM: Red Currant, Black Currant, Strawberry, Raspberry, Blackberry, Wild Blueberry

- The best of the best 😊
- A mix of red currant 35%, black currant 20%, strawberry 15%, raspberry 13%, blackberry 11%, wild blueberry 6%.
- Mix especially made for us to cook tasty and fruity jams

BLACKBERRY

Originating from Serbia, variety **Thornfree**

- The Thornfree is a mid-season blackberry of very high quality
- Large fruits that are very intense homogene and dark in color
- Very fruity and the best variety of blackberry for jam

SOUR CHERRY

Originating from Poland, variety **Lutowka**

- A typical cherry to grow in orchards or gardens
- The fruits are large, dark-skinned and produce dark red juice. The flesh is medium soft, and tart.
- Nice balanced sour and sweet taste
- Have less pips than other varieties which is ideal for jam cooking
